

SUNIL SARVAIYA
ANGULAR DEVELOPER

✉ sarvaiyasunil01@gmail.com
☎ 9327000837
📍 Ahmedabad, Gujarat

PROFESSIONAL SUMMARY

Angular Developer with 1.5 years of experience in building responsive and high-performance web applications. Skilled in Angular, TypeScript, and UI development, with hands-on experience in optimizing performance and writing unit and UI tests.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, TypeScript, Angular, PrimeNG, DevExtreme

Testing: Playwright UI test, Jest unit tests

Tools & Version Control: GitHub

PROFESSIONAL EXPERIENCE

FRONT-END INTERN

During my internship, I developed strong skills in HTML, CSS, and JavaScript. Building on this foundation, I learned Angular and applied it to create an e-commerce website as a project. My role involved designing the user interface and integrating APIs provided by the company to ensure seamless functionality.

FRONT-END DEVELOPER

Techtose Company Website Design and Development

Leveraged Bootstrap framework to ensure responsive and visually appealing design across various devices.

Integrated Cloudinary for efficient cloud storage management, optimizing the site's performance and scalability.

Implemented Slick Slider for smooth and captivating slide transitions, enhancing user experience and engagement.

Developed dynamic case study showcase, showcasing Techdose's achievements and services in an interactive manner, fostering client engagement and brand recognition.

Carbon Block Web App Development

Played a key role in the development of the Carbon Block web app, a cutting-edge Software as a Service (SaaS) platform developed by CircularTree

Leveraged Angular framework to implement new features and enhance Existing Functionalities, Contributing to the platform's robustness and scalability

Utilized PrimeNg and PrimeFlex libraries to design and integrate user interface components, ensuring a seamless and intuitive user experience

Implemented NGRX for efficient state management, optimizing the performance and maintainability of the application.

ACA compliance alpha

ACA ComplianceAlpha is a RegTech platform that provides end-to-end compliance and risk management solutions for financial institutions through automation, surveillance, and regulatory reporting

Worked on frontend development and testing using Angular. Developed Playwright test scripts for end-to-end testing and wrote unit tests using Jest. Contributed to features built with DevExtreme components, including implementing grid filters and server-side export functionality. Also worked on multiple other feature enhancements and fixed numerous bugs to improve application stability and performance

Safetycube

SafetyCube is a web-based platform for aviation safety and risk management, enabling airlines and airports to proactively handle compliance and operational risks through its three integrated interfaces.

- 1. Cube** – Core module for managing safety reports, audits, risks, and compliance data.
- 2. Portal** – User-facing interface for reporting events and collaborating on safety actions..
- 3. Admin** – Interface for configuring system settings, user roles, and access controls.

Worked on enhancing table functionalities by adding sorting, filtering, and export options. Contributed to major performance improvements through caching, fixing memory leaks using proper unsubscription, and implementing dynamic imports for dialogs to reduce DOM size. Optimized rendering with trackBy in ngFor loops and resolved several bugs along with SonarQube code quality issues.

EDUCATION

Bachelor of Engineering (Computer Engineering)

Gujarat Technological University, [GEC-RAJKOT]
2019 – 2023 | CPI: 7.48

Higher Secondary (12th), Science

Gujarat Secondary and Higher Secondary Education Board (GSHSEB), [SARTHI VIDHYA SANKUL-BHAVNAGAR]
2018 – 2019 | Percentage: 68.46%

Secondary (10th)

Gujarat Secondary Education Board (GSEB), [GOLD SCHOOL JESAR (BHAVNAGAR)]
2016 – 2017 | Percentage: 78.17%
